TO REGISTER: Return the attached form with your **brief application letter** and your deposit **by November 23, 2005**. Space is limited. Registrations must be approved before final confirmation will be sent. A packet with more detailed info will be sent on acceptance of your registration.

The **January 2006 training** is a 3-week residential workshop designed to deepen, expand, and refine our practice of Contact Improvisation and other related improvised dance work. The workshop will include physical training, improvisation and composition scores, dance technique, jamming, discussion, feedback, and performance studies.

The workshop will meet Monday thru Friday, 10 a.m. to 5:30 p.m. in studios at Earthdance (a beautiful dance retreat center located 35 minutes west of Northampton, MA in the Berkshire Mountains, with 2 dance barns and a wood-fired sauna), in town, and at an Aikido dojo. There will be occasional evening and weekend activities.

This year’s workshop will explore questions such as: What kind of preparation/structure do we need in order to pursue the dancing that is most meaningful and satisfying on physical, aesthetic, intellectual, spiritual, emotional, and compositional levels? How does the internal experience of dancing relate to what is seen? How can we simultaneously strengthen physical, experiential, and compositional concerns? How can we integrate Contact Improvisation into a broader field of improvised dancing/dancemaking without losing its particular integrity and depth?

Alone, in duets, in groups, in and out of Contact, in silence and with music, we will move toward greater depth and detail in our dancing and watching. Please come prepared physically and psychologically for intensive practice (and a little bit of fun!).

Who’s eligible? The January 2006 workshop is open to dancers who have taken part in other intensive workshops with Nancy and/or those with intermediate/advanced level Contact Improvisation skills. **A brief application letter**—outlining your background and skill level in Contact, dance, improvisation; when/where you worked with Nancy; and your reasons for wanting to attend the workshop—should accompany your registration. All registrations must be approved by Nancy.
